

Help us learn about what is important to you!

# Join the ODPRN Citizens' Panel and have your voice heard.

The Ontario Drug Policy Research Network (ODPRN) is a collaboration of established researchers from across Ontario that was formed to rapidly respond to policymakers' needs for relevant research to guide and inform their decisions.

The Citizens' Panel is a group of volunteer citizens from across Ontario who have collectively come together to ensure that the ODPRN appropriately identifies issues of importance to the public, and incorporates these priorities into the interpretation and dissemination of research findings.

## Role:

We are seeking members of the general public to join the ODPRN Citizens' Panel. As a member you will have the opportunity to direct the focus of our research program and contextualize our findings for Ontario's policy makers.

## Requirements:

We are looking for Ontario residents 18 years of age and older interested in sharing their experiences with the healthcare system and ideas around how this can be improved.

## Benefits:

Your input is highly valued and will influence policy recommendations that may shape drug policy in Ontario.

Members will be compensated for their time and travel.

If you are interested in becoming a member of the ODPRN Citizens' Panel please email Dana Shearer, Knowledge Broker at [ShearerD@smh.ca](mailto:ShearerD@smh.ca) to apply or for more information.
